Rick,

As part of my Morrill I IV DPH renovation project we are installing new voice and data jacks and cable. The data part I think I understand because all their jacks go to their hardware which is connected to the university through one T-1 line. Can you please explain to me how we get the phone numbers listed below activated within the rooms listed by Jim? I passed along a new floor plan to Graeme and I believe he is assigning new jack numbers.

Thanks,

Stephen
